Fairhill Partners connects people to opportunities for lifelong learning, intergenerational relationships, and successful aging in many ways:

“I was shocked that this program existed. I thought because I was over the age of 60 I was not going to get much help or support. Basically, I thought I would get kicked to the curb by society.” - SGH participant.

“The meetings helped as far the steps to take. There are different steps, and you need coping skills to take care of them at all. It’s difficult to go through the stage that they go through, and talking to other people in the same situation makes it easier on you.” - Caregiver program participant.

“I think if volunteers like children, they will love this program. It’s wonderful to teach kids about healthy eating.” - CATCH Healthy Habits volunteer.

“I am using the reference book and exercising every day, and following the tips it offered.” - Matter of Balance participant.
